Installing the radio

Once you're logged in you should see the next message that will tell you to choose the broadcasting account you want: Audio or Video account, you will need to choose the audio account.

Welcome To Listen2MyRadio Service

Please Select Your Broadcasting Account

AUDIO ACCOUNT VIDEO ACCOUNT

Step number 1:

Welcome To Listen2MyRadio Service
Always Dreamt of Broadcasting?
You are two steps from making your dream happen. Step 1 Of 2

▼ Step 1 - First Installation

Channel Title: ✓
0 words * Required minimum 5 words
[How To Write Good Quality Text? - >>>Click Here!<<<](#)

Text1 (located on left of listening page): ✓
0 words * Recommended minimum 30 words

Text2 (located on right of listening page): ✓
0 words * Recommended minimum 30 words

Channel URL: http:// .listen2myradio.com

[Back](#) [Next](#)

In the **title** field you need to fill in the desired title for your radio. It has to be at least 5 (five) words long.

Text1 and **Text2** these are the text fields that will be displayed on your radio page. You have to enter at least 20 words into each field.

Channel URL you will need to fill your desired name that will be the link for your Radio Domain.

Step number 2:

Stream Details

Welcome To Listen2MyRadio Service

Always Dreamt of Broadcasting?
You are two steps from making your dream happen.

Step 2 Of 2

▼ Step 2 – Radio Channel Server Details

Server Type:

Server Location:

Broadcaster Password:

WHAT ARE THE DIFFERENCES BETWEEN SERVER TYPES?

Shoutcast v1 is more simple and recommended for new users. Shoutcast v2 is the newest Shoutcast version; not all the broadcasting tools support it, and we recommend to choose it only for advanced users. Icecast Recommended for users with broadcasting tools that support the only Icecast..

HOW TO CHOOSE SERVER LOCATION?

Server Location depends on your radio listener's location, choose the country that is closest to your listeners..

HOW TO CHOOSE STREAMING PASSWORD?

Streaming password is the password you or your DJ will fill in the streaming program to broadcast. We recommended choosing a complex password to avoid from broadcast hacks.

Broadcaster password

In this field you need to enter the password you will be using for your radio. The broadcaster password is the password you will be using with your broadcasting software.

Once your registration is successful you will see your control panel and you will be able to see all the information on the right side of your screen.
